

Barudan

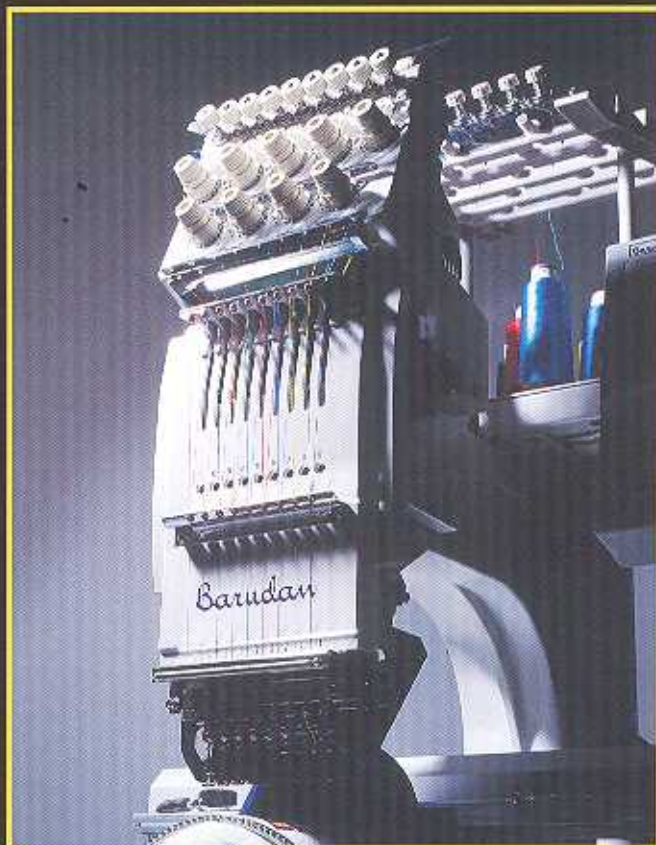

Let Your
Imagination
Run Wild!

Introducing the Barudan
Elite Junior

Barudan introduces the
Elite Junior;
an affordable multi-color
embroidery machine
designed for people whose
only limit is their
Imagination.

Imagine Creativity

The Elite Junior opens the doors to creativity. This little machine gives you the features of much larger embroidery machines. In combination with Barudan's TES design software, you'll easily and quickly create designs that dazzle.

Imagine Versatility

The Elite Junior is designed for ease of embroidery on a complete range of items, including finished caps. Converting your machine to handle different products takes only minutes.

Imagine Maximum Speed

Because the Elite Junior uses a CF Card to transfer data, you can count on instantaneous communication between the automat and sewing head. Combine that with the machine's 1,000 stitch per minute capability and you've got one of the fastest machines on the market.

Imagine Ease of Operation

Everything about the Elite Junior is easy. From its icon-controlled automat to the snap in frames, the Elite Junior provides fast and simple operation. You'll be creating beautiful embroidery with minimum training.

Imagine Unsurpassed Machine Durability and Reliability

Backed by Barudan's reputation for quality, the Elite Junior features the same durable construction and electronic technology as the larger models. Barudan has been in the embroidery machine business for over 40 years and has established standards that other machine manufacturers strive to meet.

...for people whose only

Icon-controlled automat

quick, snap-in frames

Imagine Growing From Home Use to Profitable Business

If creating beautiful embroidered works of art is your passion, you may decide to continue your work for personal use only. However, if you decide you'd like to turn your hobby into a business, the Elite Junior is your passport to profits.

This compact machine can be the basis of your new business. As your business grows and it's time to add equipment, the Barudan line will support you every step of the way.

All of our Barudan machines have the same basic operation.

So, once you learn to use your Elite Junior it's easy to graduate to a larger model without a lot of extra training.

Along with equipment, we also offer a special package designed specifically for the budding entrepreneur. When you're ready to make the move, we're ready to take you there.

limit is their **Imagination.** Barudan

Elite Junior

Standard Features

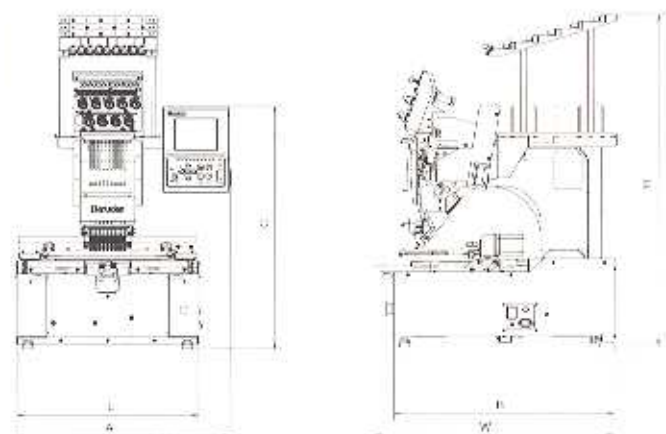

- 9 needles.
- Sewing speeds of up to 1,000 stitches per minute.
- Variable sewing speed can be adjusted to suit each individual application.
